PART 1 – PROJECT DESCRIPTION

1.1 PROJECT: XL Center – 2022 Renovation Project
CRDA 20-004
1 Civic Center Plaza Hartford, CT 06120

1.2 DUE DATE: **January 13, 2022**
TIME: 1:00 PM

1.3 Introduction

The Capital Region Development Authority (“CRDA” or “Owner”) entered into a Lease Agreement with the City of Hartford dated as of April 26, 2013. CRDA, as the tenant, holds a leasehold interest in the land on which the XL Center (“XLC”), also known as the Hartford Civic Center is located and is the owner of the XLC. CRDA has a Facilities Management Agreement with Spectra Venue Management (“Spectra”) to operate and maintain the facilities at the XLC.

CRDA with the assistance of Spectra is undertaking Repairs and Renovations to the XL Center. CRDA intends to enter into a contract with a qualified construction management firm (CM) to provide pre-construction, construction and post construction services for this Project.

1.4 Background

History: The XLC was originally opened in 1974 and was reconstructed beginning in 1979 after a roof collapse. The skyboxes and clubs were added in the 1980’s and the roofing was replaced in 1996. The locker rooms and main concourse were renovated in 2014, the ice slab was replaced in 2017 and the ice slab chiller equipment was replaced in 2020 – 2021. CRDA has been working with SCI Architects to develop a more extensive renovation and modernization plan for the building.

A Request for Proposal (RFP) was issued for Construction Management Services on 9/19/20. As the RFP process progressed, questions, unrelated to the RFP, regarding the proposed second phase arose that led to the RFP process being placed on hold and ultimately terminated on 9/21/21. CRDA is now issuing this new RFP for a similar project. The changes from the 2020 RFP are summarized in the following:

- a. This Project will be limited to currently available funding of Fifteen Million Dollars (\$ 15,000,000)
- b. **Phase 1a** – This Phase will be primarily focused on preconstruction and construction services for a 4,000 SF +/- addition to the west side of the XL Center along Ann Uccello Street for a Sports Betting Lounge. This Phase will also include modernization of the west side freight elevator and replacement of the lower bowl retractable seating currently being procured by Spectra.
- c. **Phase 1b** – This Phase will include repair and renovation of the building’s electrical, plumbing, fire sprinkler, fire alarm and mechanical infrastructure and other renovation work mostly located on the Event Level 31 (a portion of the former Enabling Project Scope of Work). This Phase may also include construction of a portion of a premium club, bunker suites, kitchen and concession areas, storage, meeting rooms and/or additional toilet rooms on the Event Level 31 (a portion of the former Phase 1 Project Scope of Work).

- d. The extent of work included in Phase 1b will be subject to remaining available funds after completion of the Sports Betting Lounge, modernization of the east side freight elevator and replacement of the lower bowl retractable seating.
- e. **Phase 2** – This RFP contemplates a future phase that will include completion of the Phase 1b, premium clubs on Event Level 31, Renovation, and expansion of the UCONN hockey room and renovation of the main concourse level 61 and upper levels (remainder of the former Enabling Project, Phase 1 Project and a portion of the Phase 2 Project).
- f. The CM's Preconstruction Services will include the following (See section 2.1 for additional detail):
 - Estimate #1 – Concept estimate for construction of Phase 1a, the Sports Betting Lounge
 - Estimate #2 – 50% Construction Document Detail Estimate for the Sports Betting Lounge
 - Estimate #3 – Detail Estimate for the current Phase 1b plans (former Enabling and Phase 1)
 - Estimate #4 – Detail Estimate for the current Phase 2 plans.
 - Additional detail estimates as required.
 - Constructability Review
 - Exploratory & survey review of existing conditions
 - Preparation of Bid Package templates
 - Preparation of Phase 1b early release Bid Packages

Drafting of this Instruction to Bidders (ITB) started with the previous 9/19/20 ITB as amended and included in Addendum # 3 dated 10/21/20.

SCI has continued working on design of renovations mostly located on the Concourse Level 61 including expansion into the Atrium to the east. This future project is in early design but is not yet funded.

Building Description: The XLC is bounded by Church Street to the north, the Northland development and Trumbull Street to the east, the Northland garage and Asylum Street to the south and Ann Uccello Street to the west in downtown Hartford, Connecticut. The arena accommodates hockey, basketball and various types of shows and concerts. It also includes 65,000 SF of flexible, flat slab meeting/exhibition space. The arena portion of the building currently seats 13,888 for hockey, 14,548 for basketball and 15,255 for center stage concerts.

The XLC is a six level, 320,000 SF building that consists of protected concrete construction and unprotected steel members supporting the roof. Most of the MEP systems are original dating from 1974 or 1979 and are near the end of their useful life. The fire alarm system was updated in the 1990's. A renovation project in 2014 included repairs to the MEP infrastructure, a new BMS system, a new smoke exhaust system, improvements to the data infrastructure and renovations to the locker rooms and main concourse. More recent renovations included modernization of the club freight elevator, other elevator and escalator repairs, replacement of the security surveillance system and replacement of the ice slab and ice slab chiller equipment. Because the building is owned by CRDA, it

is under the jurisdiction of the Office of State Building Inspection (OSBI) and the Office of State Fire Marshal (OSFM). The Hartford Fire Department (HFD) provides coverage during events. Shutdowns or disruptions to the building's life safety systems must be coordinated with both OSFM and HFD. Sidewalk and road closures are under the jurisdiction of the City of Hartford.

1.5 Project Description

2022 Renovation Project, General Conditions and General Requirements (GCs/GRs) (TA-01) – will include GCs, GRs,

2022 Renovation Project Phase 1a Scope of Work (current project) – will include Preconstruction and Construction Services for the Sports Betting Lounge addition and related work on the adjacent concourse. It will also include modernization of the west side freight elevator and replacement of the bowl retractable seating currently being procured by Spectra. The CM's preconstruction scope will include estimating and coordination with the design team required to verify the Scope of Work for this project based on available funding. The design of the Sports Betting Lounge is in the concept development phase.

2022 Renovation Project, Phase 1b Scope of Work (Enabling and Phase 1 in the 2020 RFP) – As noted in Paragraph 1.4 above, the current Project will include a portion of repair and renovation of the building's electrical, plumbing, fire sprinkler, fire alarm and mechanical infrastructure. It may also include portions of renovation work mostly located on the Event Level 31 including construction of a premium club, bunker suites, kitchen and concession areas, storage, meeting rooms and additional toilet rooms. The extent of this work will be subject to remaining available funds following completion of the Sports Betting Lounge, modernization of the freight elevator and replacement of the lower bowl retractable seating. The design work for this Phase 1b is nearly complete.

The CM's preconstruction scope will include estimating and coordination with the design team required to verify the Scope of Work for this project based on available funding.

2023 Renovation Project, Future Phase Work (future project, Phase 2 in the 2020 RFP) – will include additional repair and renovation of the building's electrical, plumbing, fire sprinkler, fire alarm and mechanical infrastructure and vertical transportation improvements. It will also include renovation and expansion of the UCONN hockey locker Room and renovation work mostly located on the Concourse Level 61 including construction of suites, premium club space, toilet rooms, additional concession areas, a production kitchen and premium seating. The Future Phase Design is in the Design Development stage, however, as of the issuance of this RFP, the timing and extent of expansion into the Northland Trumbull Block is uncertain.

The intent of this RFP is to add the Phase 2 work to the CM Contract if funding becomes available. However, addition of the Phase 2 work to the CM's Contract will be contingent upon the CM's performance on the Phase 1 work and at the sole discretion of CRDA.

CONTRACTOR/GRANTEE COMPLIANCE REQUIREMENTS

NOTE: - THESE REQUIREMENTS APPLY TO ALL CONTRACTORS - INCLUDING GRANTEES AND INDIVIDUALS

Connecticut General Statute Section 4a-60 was adopted to ensure that State agencies do not enter into contracts with organizations or businesses that discriminate against protected class persons. To carry out the provisions of the Statute, the Commission on Human Rights and Opportunities developed Regulations concerning Contract Compliance and approval of Contract Compliance Programs which impose certain obligations on State agencies as well as contractors doing business with the State of Connecticut.

These regulations require that as an awarding agency, in this instance, the Capital Region Development Authority (CRDA), must consider the following factors in its selection of any contractor:

- The bidder's success in implementing an affirmative action plan;
- If the bidder does not have a written affirmative action plan, the bidder's promise to develop and implement a successful affirmative action plan;
- The bidder's success in developing an apprenticeship program complying with Connecticut General Statutes Sections 46a-68-1 to 46a-68-17, inclusive.
- The bidder's submission of Employment Information Form or EEO-1/ EEO-4 data indicating that the composition of its work force is at or near parity when compared to the racial and sexual composition of the work force in the relevant labor market area; and
- The bidder's promise to set aside a portion of the contract for legitimate minority business enterprises.

In order to assess the factors above, contractors are required to provide CRDA with information about their organizations.
