

April 20, 2022

**Addendum #1**

**RFQ For Development of Bushnell South Parcel 4**

---

This addendum dated April 20, 2022 forms a part of the Contract Documents and modifies the original RFQ. Please include this addendum in your RFQ submission.

**Responses to Questions Posed by Bidders**

- 1) **Is it possible to tour the Parcel 4 site with a representative of CRDA to discuss the Authority's vision for project?**

**Response:** The actual site is open for touring on an individual basis. Details as to the redevelopment plan are available via a link within the RFQ. Further details regarding CRDA programs are available on our website ([www.crdact.net](http://www.crdact.net)). Follow the CRDA Information tab at the top right of the page to the Housing & Neighborhood Committee link for details on our programs and how to apply. Potential respondents may review various deals that CRDA has done to get an idea as to how the Authority assists projects by reviewing housing efforts to date (follow the Housing tab to project narratives).

Since the RFQ is underway, we ask that specific questions regarding Bushnell South, the RFQ and/or CRDA assistance be put in writing and sent to [khart@crdact.net](mailto:khart@crdact.net). CRDA will respond and post the responses on our webpage so that all interested parties will have access to the same material at the same time.
