**I. Infinity Theater Funding Request**

Mr. Freimuth reminded members of Infinity's request for \$50,000 in operational funding, as presented at the October Board meeting. Mr. Geremia indicated that he was working with the Theater on the ask and that he would have more substantive information at the next Venue Committee meeting. Chairman Bessette raised a question as to whether this fit into the Authority's capital project mission and Mr. Freimuth noted that such assistance would be comparable to operational subsidies for our venues. Mr. Diaz-Matos also questioned whether the Theater had reached out to other potential funding sources since the October Board meeting and Mr. Geremia indicated this was part of his discussions with theater management.

**II. XL Center**

- a. Construction Update – Mr. Houlihan updated Committee members on the status of construction work at the XL Center, highlighting plans for new locker rooms, an event-level kitchen and bunker suites. Some 30-40 construction workers are currently on site and that number is expected to grow as work progresses.

In response to a question from Mr. Bessette, he noted that there are no major concerts scheduled for the rest of the year as there are few performances touring during the holidays. Mr. Weiss also noted that holding events with construction in the building has been a challenge, but his staff was managing.

### **III. Connecticut Convention Center**

- a. Event Update – Ms. Hart noted that upcoming events include the Annual Home Show and the Connecticut Children’s Gala this weekend and the Greater Hartford Arts Council’s Night of 1,000 Stars on November 7<sup>th</sup>. ### **IV. Pratt & Whitney Stadium at Rentschler Field**

- a. Construction Updates – Mr. Houlihan shared photos of the Stadium Tower roof, which is set to be replaced next summer. He highlighted the significant amount of HVAC and cell tower equipment that will need to be relocated during work and the water leaks in the Club ceiling that originate on the roof. Mr. Houlihan noted that bids for an architect to design the required Stadium repairs are due in December and that a construction manager would be hired early next year. Ms. Hart also outlined the next tranche of Rentschler bond requests for IT upgrades and metal detectors.
- b. Events – Mr. Weiss noted that following the UConn Huskies final game tonight and the CIAC High School Football Championships on December 14<sup>th</sup>, there will be no more bowl events until the spring.
